NRS Ranch Employee Garden

We need your feedback. These raised garden beds in the back of the NRS Ranch store were built as an idea that employees could use during their lunch break or free time as 'garden therapy'. Some of us have green thumbs and love to work in the garden but may not have the means to have one at home. Right now, these beds are a bit of an eye sore and there hasn't been much interest in taking care of them. Do you have interest in doing something with these gardens? Or do you think we should tear them down? What are your thoughts? Please contact Rob Gilbert rgilbert@nrsworld.com if you have ideas or would like to help.

Renovations at the Trailer Dealership

NRS Trailer has added additional office capacity at the Decatur location to house the support staff for the five current dealerships. What was originally the parts and service department is now office space. We have also added another finance office and the original accounting office will be a conference room.

NRS Summer Roadshow & Trailer Giveaway

The Summer Road Shows came to an end in Gillette, WY at the NHSFR. The Road Show crew traveled over 4,000 miles to take part of the NRS Ranch experience to our customers at the NJHFR in Lebanon, TN, the IFYR in Shawnee, OK and the NHSFR in Gillette, WY. There was lots of rain, mud, heat and antelope on the way, but everything went great! NRS was excited to team up with Platinum Trailer Manufacturing, "the official trailer of the NHSRA", and give away a New 2017 Platinum 2 Horse Bumper Pull. Every contestant had two free chances to win, all the contestants had to do was stop by the NRS booth inside the trade show and visit the NRS Trailers displayed outside the trade show. The week came to a close with Dallen McIntire of Iowa being the trailer winner.

Ag Teacher Summit held at the store

We had 14 area Ag teachers, FFA leaders, & livestock producers come out for our first ever AG focus group. They were served a delicious BBQ dinner, and they participated in a round-table-style discussion, regarding everything from fluffy pine shavings to where to get your clipper blades sharpened. We were very happy with the turn out, and were able to connect, and build a relationship with people that we have not been able to reach otherwise. The purpose of the event was to collect information regarding what feeds & products they are using for their programs, to enable us to have the correct product mix so that we can provide the best customer service possible! We are looking forward to what the 2017-2018 show season looks like, and anticipate being able to help many more AG families with their projects in the future.
